RE: Freedom of Information Act Request EPA-HQ-2019-001669, Interim Production of Records

Dear Mr. Zalzal:

This letter concerns your above referenced Freedom of Information Act ("FOIA") request, which seeks records related to reporting required by New Source Performance Standards ("NSPS") 40 C.F.R. Part 60 Subpart OOOOa. The U.S. Environmental Protection Agency (EPA) is making a production of responsive records today. This production is an interim response.

Today's production includes 54 records in full and 26 with a portion of the information withheld from the electronic correspondence uploaded by the EPA Headquarters Office. The records are available for your review in FOIAonline. You may access the records by entering the case file tracking number, EPA-HQ-2019-001669, into the FOIAonline website at <https://foiaonline.gov/foiaonline/action/public/search/>.

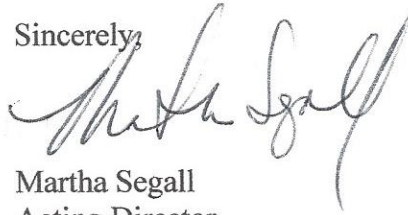

You will notice that redactions have been made pursuant to 5 U.S.C. § 552(b)(6), which protects information about individuals in personnel files, medical files and similar files when the disclosure of such information would constitute a clearly unwarranted invasion of personal privacy, and § 552(b)(5), which covers an attorney's work product, attorney-client communications, as well as the deliberative process. You will have the opportunity to appeal these withholdings when your request is closed.

The agency expects its next interim production of responsive headquarters correspondence by May 1, 2020. The agency expects to complete its response to your request by May 15, 2020.

EPA continues to process your request, and it is not being closed at this time. When your request is closed, you will receive information concerning your appeal rights for any part of EPA's response. If you have any questions regarding your FOIA request, please contact Marcia Mia at (202) 564-7042. Please know that you can reach out to EPA's FOIA Public Liaison or the Office

of Government Information Services for assistance with your request as well. Contact information for both can be found at: <https://www.epa.gov/foia/public-liaison>.

Sincerely,

Martha Segall
